A QUARTER TO REMEMBER

Learn • Lead • Inspire

July to September at Novel International School was a quarter of achievement, exploration, teamwork and growth.

From sporting victories and competition honors to aviation exploration, mathematical thinking and hands-on learning, our students embraced opportunities to discover their strengths and put their skills into action. Their achievements in individual and team sports, including medal-winning performances and Zonal Level selections, made the quarter especially memorable.

Our educators continued to strengthen their teaching practices, while students explored new ideas, developed practical skills and connected with India's cultural traditions.

As we look ahead, we remain committed to nurturing curiosity, confidence, creativity and character in every learner.
